FEATURED GUESTS:

Nick Carr from SFMTA Municipal Transit Agency

TOPIC: Review of The Excelsior Neighborhood Traffic Calming Project plans

A collaborative community planning process in the Excelsior. The goal is creating safer and more comfortable neighborhood streets for people accessing schools, parks, transit, and nearby commercial corridors.

The SFMTA has worked with the community to identify neighborhood traffic challenges, including locations with excess speeding, “cut-through” traffic, and difficult walking and biking connections to local destinations.

Looking forward to seeing you there –

This is your opportunity to give your feedback and participate!
